Oakville

Oakville, Nov. 5.- Dinner guests in the home of Mr. and Mrs. C. Roland Smith Sunday were Mr. and Mrs. Terry Rogers and girls, Mr. and Mrs. Charles R. Smith, Jr. and son, Mrs. Coleman B. Moore and children, and Watt Smith, all of Richmond; Mr. and Mrs. Ralph Smith and children, Burnette Smith and Patricia Lucado, of Lynchburg; and Miss Shirley Burge, of Oakville.

Others visiting in the afternoon were Mr. Taylor Coleman and daughter, Opal; Mrs. Irene Rogers, Mrs. Thomas C. Watson and boys, Roger Dale Mayberry and Tommy Drinkard.

Mrs. C. Roland Smith spent Tuesday in the home of Mrs. Thomas Watson.

A STUDY CENTER FOR BETTER GRADES

A study center may help your child make better grades in school.

The Virginia Farm and Home Rural Electrification Council claims children can learn a great deal faster — and be more comfortable in the process — if they have good study conditions for their home work.

In poor lighting, as the child squints and strains to see, he may damage his eyes and may miss questions on tests that he has studied hours to master — all because of poor lighting.

First, he should have a study desk or a table covered with a light blotter. The boltzer helps spread the light and cuts down on contrast between books and dark furniture.

A good lamp properly placed is an important factor. The table lamp should be placed 16 inches to the left of the work and 12 inches from the edge of the desk. The bottom of the shade should be 15 inches above the top of the desk.

Shades should be a minimum of 8 inches in diameter across the top, 10 inches deep, and 16 inches in diameter across the bottom. Be sure the inside of the shade is white to diffuse the light.

The important part of any lamp is under the shade. For good quality light, the lamp must have a diffuser. Various types may be used but the CLM glass difusser is considered best. The bowl-type difusser will also give good quality light. The difusser should have an 8-inch top diameter. Use a 3-way 50/150 watt light bulb with the lamp.

The R-40 type bulb has a built-in difusser and may be used more effectively with the study lamp. The type of R-40 to use is a 3-way 50 150 watt white indirect light bulb. Of course, to use the bulb, the lamp must be equipped with a 3-way switch and a wide harp.

Birthday List

Mrs. Goldie Williamson, Nov. 14.
Mrs. Edwin S. Barron, Nov. 18.

BABY FALLS 5 FLOORS

Brooklyn, N. C.- Lawrence Woods, 2, fell from a fifth floor window of his parent's apartmens and apparently suffered no injuries. A neighbor, Mack Morton, 35, saw the child falling and just missed catching him as he landed in a row of bushes. Taken to a hospital, he was found to be uninjured.

VPI defeated University of Richmond in football last Saturday.

The Navy's submarine-based Regulus provides the United States with the ability to deliver a missile almost anywhere in the world.

REV. L. P. BROWN RESIGN, S PASTORATE

Rev. L. Preston Brown has resigned as pastor of the Midway Field of Baptist Churches, after serving this group and others in this county for sixteen years. Mr. Brown has accepted a call to become pastor of the Tabernacle and Union Level Baptist Churches, near South Hill. Mr. and Mrs. Brown plan to move December 1. Their many friends here regret to see them leave Appomattox, and extend best wishes for successful years ahead in their new location.

SCOUTS TO ATTEND CHURCH SERVICES

The Scout and Cub Scout leaders and boys of the two organizations have accepted the invitation to attend in a body the Sunday evening service in the Memorial Methodist Church, beginning at 7:30 o'clock. Mr. Eames Powers, Scoutmaster, and Mr. Ira Wilkins, Assistant Scoutmaster, are in charge of the Boy Scouts; and Mr. Frank Mabley, Cubmaster, and Den Mothers: Mrs. Leslie B. Goodrich, Mrs R. B. Haley and Mrs. Frank K Mabley, are in charge of the Cubs. The two groups will form in front of the church at 7:15 P. M., in uniform and proceed into the Sanctuary for the service, led by Thomas Holland, Eagle Scout, and Bryan Thomas, Senior First Class Scout, carrying the Christian and American flags. The minister, the Rev. Richard A. Bergdoll, will use for the special message the subject, "A Good Samitarian Scout," and the Sanctuary Choir will give special music. All Veterans and the general public of the community are cordially invited to attend this special service on the Annual Veterans Day.

Bible Baptist Church

Rev. Carl T. Woodbury, of Brookneal, Va., will be conducting revival services at the Bible Baptist Church during the week of November 11-16, at 7:30 P. M. each evening.

Everyone is invited to enjoy the old-fashioned services.

FALL WEATHER INCREASES FIRE DANGER

Autumn weather, with its falling leaves and warm, windy days, makes the danger of forest and brush fires high, say Virginia Division of Forestry personnel. As long as we get periodic rains we are safe, but foresters are quick to caution that the danger of escaped fires mounts as the fall weather becomes drier.

Quick to recognize fire dangers, forest wardens ask that those who have burning to do make sure their fires are safe and that they are completely out, before leaving them.

Foresters also urge all those in or near forest land to be especially careful with cigarettes and smoking material and to put them out before discarding them.

With hunting season almost here, forest wardens are hoping that hunters will also be sportsmen and not set den trees on fire to smoke out game. It is a must, that all who travel in or near forestland are careful with fire.

Al Lopez is selected the American League manager of the year.

Proved and approved around the world and now it's here for you... the 58 FORD

One look tells you... there's nothing newer in the world!

You'll ride in a new world of style in the 58 Ford

New deep-sculptured styling
New Interceptor V-8 power
New Cruise-O-Matic Drive
New Ford-Aire Suspension
New Magic-Circle Steering

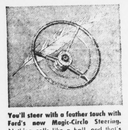
The 58 Ford is the newest car in the world—the only car ever to meet a world-wide test and win world-wide approval before its public premiere.

Here's a car so *new*, so *beautiful* it made eyes pop from Paris to Pakistan . . . a car so *rugged* it proved its mettle in a road test around the entire world! What's more, it did it on surprisingly little gas—thanks to new Precision Fuel Induction. Come in and let us show you the *world's most beautiful new bargain!*

You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. There's nothing newer than these engines that give you up to 300 hp. Smoother power! From less gas! One secret is Precision Fuel Induction, a wonderful new carburetion, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position, used for all normal driving, lets you move smoothly, automatically—with just a touch of your toe—from solid-feeling take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. Four air pillows literally soak up the bumps! And Ford's new air suspension relevels the car every time someone steps inside or luggage is loaded. An extra cost option, you get all this at traditionally low Ford prices!



You'll steer with a feather touch with Ford's new Magic-Circle Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering mechanism are virtually friction-free—give you the closest thing yet to power steering! Come in and try it.

Come in today... Action Test America's only world-proved car!
